FOREWARD

Some of us here at I.H.S. are "old-timers" while some are newly arrived; however, no matter what your longevity is, your experiences here will help mold your character and personality of the future. Through working with other people and with different organizations, each one of us will be affected by our environments. Like the binding on this BAMBOO, your character can be no stronger than the people who make it. So continue to reach toward your individual goals and remember that your hardest days are still ahead of you. If you continue to go forward and strive for the future, each one of you can reach great heights. We wish you all the best of luck in the years ahead.

the BAMBOO Staff

DEDICATION

The 1967-68 BAMBOO is dedicated to our counselor, Mr. Richard Paschild, who has helped so many of us to understand ourselves and our goals. Through his guidance we realize our strengths as well as our limitations. For the many hours he has spent in testing us and evaluating the results, we are sincerely grateful. Our best wishes go with you, Mr. Paschild.

Enjoyed being in the same school with you. The best of luck in the future.
R. Paschild

To the students of Itazuke Junior and Senior High School

The students of 1967-68 are to be commended for the patience and adaptability shown during this school year. The disastrous fire in the spring of 1967 was a calamity and destroyed a fine building along with all equipment. You students were forced to adjust to the aftermath of this loss. You had to adapt to substandard buildings and lack of equipment. As this year wore on, a number of these deficiencies have been corrected but your patience during this painstaking process was outstanding.
